Per calcolare il prezzo della poltrona o il pouff Ribot con il rivestimento esterno in pelle, ed il rivestimento interno in tessuto, vanno sommati il prezzo di listino della poltrona nella categoria di tessuto scelto e nella categoria di pelle scelta. Il risultato ottenuto va diviso a metà.

The price of the Ribot armchair and pouff with the external leather cover and the internal fabric one, can be calculated adding up the public price of the complete armchair in leather and the complete armchair in fabric. The sum must be halved.

Um den Preis des Sessels oder des Hockers Ribot mit äußerem Lederbezug und innerem Stoffbezug zu berechnen, muss man den Vk Preis des Sessels in der gewählten Stoffpreisgruppe und in der gewählten Lederpreisgruppe zusammenzählen. Das Ergebnis muss dann zur Hälfte geteilt werden.

Pour calculer le prix du fauteuil ou du pouf Ribot avec le revêtement extérieur en cuir et le revêtement intérieur en tissu, on doit additionner le prix public du fauteuil dans la catégorie choisie du tissu et dans la catégorie choisie du cuir. Par la suite il faut diviser le résultat obtenu en deux.

Om de prijs van de fauteuil of de poef Ribot met de buitenbekleding in leder en de binnenbekleding in stof te berekenen, telt u de prijs van de fauteuil of de poef in de gekozen stofcategorie en de prijs in de gekozen ledercategorie bij elkaar op, en vervolgens deelt u dit resultaat door twee.

L'aumento per gomma ignifuga è pari al 6% del costo in tessuto cliente.

The increase for fire retardant foam is 6% of the price in customer fabric.

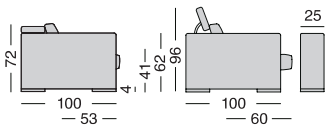

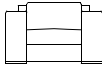

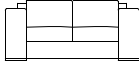

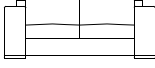

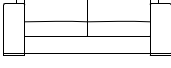

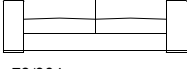

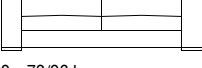

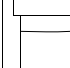

L'augmentation pour mousse ignifuge est de 6% du prix en tissu client.
